

Fisher Meats

Try Fisher's Award Winning Deer Products

Tired of the same old deer products in oversized portions?

Try some of our new products this year like Venison BBQ.

All deer products, including steaks & roasts, are vacuum packaged to last longer in your freezer.

Our deer product packaging is designed for smaller portion sizes to reduce leftovers that often end up being discarded.

Snack sticks are individually packaged.

Summer sausage in 1.3 lb chubs rather than the typical 3 lb logs.

2017 Deer Processing Charges

Skinning & Boning

\$50.00

Shoulder Mount

\$20.00
